## Women's World Summit Foundation - WWSF September edition 2019 Gentle Reminder

### WWSF campaigns: October+November 2019

Dear Friends and Partners,

Time is flying and we wish to urgently remind you that activism must connect with real people on the ground.

We therefore take this opportunity to share with you our campaigns to increase civil society action on the ground.

1) to participate in whatever way you can with the **17 Days campaign** for the empowerment of rural women leaders and their constituencies to rise and claim their right to development, decision making, and equality 1-17 October. Follow [the link and register online](#) or you can also register via email if you prefer, giving your name, address plus your action plan. The 17 Days campaign Kit can be found using [this link](#).

We also share with you our **annual Poster for the International Day of Rural Women - 15 October**, which you can use, share and modify to include your program of action while keeping the logo of the WWSF

Foundation intact. You can download the [poster here](#).

2) to participate in the **19 Days campaign** for prevention of violence against children and youth 1-19 November, especially as we commemorate this year the **30th anniversary** of the Convention on the Rights of the Child. Your participation can make the difference in moving humanity closer to reaching the **SDG Target 16.2**: "End abuse, exploitation, trafficking, and all forms of violence against and torture of children." "Every five minutes a child dies as a result of violence". **Follow the [link and register online](#)**. You can also register **via email** if you prefer.

We also share with you below our [annual Poster of the World Day 19 November for prevention of violence against children and youth](#) (in synergy with the Intl. Children's Day 20 November). We encourage you to continue to use the World Day day to generate massive civil society participation in whatever form you see possible to advance prevention measures for the elimination of the horrendous statistics of violence against children and youth and transform our world to become fit for children and youth.

Dear Friends and Partners,

To make progress towards the many Sustainable Development Goals and Targets and the systematic mainstreaming of a gender perspective is our ultimate aim. We thank you for your partnership in reaching these goals.

In partnership, Elly Pradervand, WWSF President and CEO
